Architecture - Wikipedia The earliest surviving written work on the subject of architecture is De architectura, by the Roman architect Vitruvius in the early 1st century AD. According to Vitruvius, a good building should satisfy the three principles of firmitas, utilitas, venustas, commonly known by the original translation – firmness, commodity and delight. An equivalent in modern English would be: MLA Formatting and Style Guide // Purdue Writing Lab However, if you are discussing, for example, the historical context in which the episode originally aired, you should cite the full date. Because you are specifying the date of airing, you would then use WB Television Network (rather than Mutant Enemy), because it was the network (rather than the production company) that aired the episode on the date you're citing. Documents used in researching this project - Catnaps design Documents used in researching this project . This study has not been carried out with the rigour which would usually characterise an academic research subject.
